

**THE CALIFORNIA DEPARTMENT OF TRANSPORTATION INVITES
APPLICATIONS FOR TRANSPORTATION PLANNING GRANTS
FISCAL YEAR 2003-2004**

**APPLICATION DEADLINE
NOVEMBER 1, 2002
5:00 PM**

The California Department of Transportation (Caltrans) is committed to improving mobility across California. In the spirit of this commitment we invite participation in the Fiscal Year 2003-2004 transportation planning grant cycle. An estimated \$8.5 million will be available for four different Transportation Planning programs used for a wide range of planning projects. The six planning categories available are:

- Environmental Justice: Context-Sensitive Planning
- Community-Based Transportation Planning
- Partnership Planning
- Transit Planning
 - Statewide Planning Studies
 - Transit Technical Planning Assistance
 - Transit Professional Development

Projects are typically one year but the proposal may be scoped for a two-year timeline. The results of the studies or projects may lead to the planning, programming and implementation of transportation improvement projects that improve public participation, promote context sensitive planning, reduce congestion, and improve mobility.

The 2003-2004 Transportation Planning Grant application package is accessible on the California Department of Transportation, Division of Transportation Planning's website at, <http://www.dot.ca.gov/hq/tpp/grants.htm>

To request a grant application by mail, please call Brent Vincent at (916) 651-6890.

To learn more about Transportation Planning Grants available through Caltrans, attend one of our public workshops being held throughout the State. Workshops will be approximately four hours. Dates, times, and locations are on back:
